

From the Pittsburgh Post, June 14.
Buchanan and Pittsburg.
On the 10th of April, 1856, a large portion of Pittsburg was laid in ashes by the great fire. There was no telegraph in Pittsburg at that time, and the news of our calamity could only reach Washington by the 14th of April. Mr. Buchanan was then Secretary of State. On that day the following document left Washington for Pittsburg, addressed by Mr. Buchanan to Wm. J. Howard, then Mayor of our city. Comment is unnecessary, even to those misbelievers who would reproach Mr. Buchanan as cold and selfish.

WASHINGTON, April 14, 1856.
CASHIER OF THE BANK OF THE METROPOLIS—Pay to the order of W. J. Howard, Mayor of the City of Pittsburg, for the use of the sufferers by the late fire, Five hundred Dollars.

Dear Sir:—Will you please to accept and apply the above toward the relief of the sufferers in the late disastrous calamity. My feelings of sympathy and compassion have never been so strongly excited upon any similar occasion. But let the people be of good cheer and exert their accustomed energy under the blessing of Providence all will yet be well, and Pittsburg will arise more glorious than ever from its ashes.

JAMES BUCHANAN.
W. J. Howard, Esq.

The Season and the Crops.
The present season so far has been remarkable for the unequal distribution of rain. In most of the States, as far as we have been able to learn, there have generally been seasons of drought, and in some portions of the South and West, including part of Tennessee and Northern Ohio, there has been a superabundance of water; but, taking a wide and general view, the crops are promising. With few exceptions, resulting from the cold, dry spring, and from the insect, the wheat harvest is coming in well, and will prove above an average.

There is a region of country, embracing an area of two or three hundred miles in diameter, of which Louisville occupies nearly its center, now visited by a drought almost beyond any former parallel, at so early a period in the season. Within the last three weeks we have traveled over the most of this dry region. Some portions of it have been visited by night showers, which have proved of signal benefit to the wheat, and had greatly improved the appearance of the oats; but in many portions the oats and hay will prove almost a total failure.

In Switzerland County, Indiana, celebrated for its hay, we understand that many meadows are so short that there will be no attempt made to cut them.
We saw a letter, a few days since, from a gentleman in Preble County, Ohio, the center of the great flat growing region, which states that there has been no rain in that region since the 8th of December, 1855, and that the spring rains are a total failure, and the meadows are entirely dried up, and that flaxseed, which will not equal a fourth of crop. Corn, however, even within this dry region, generally is of good color, and has withstood the drought better than any other crop, and, with timely rains now, the yield will be slightly affected. Potatoes still continue to look in a tolerable thriving condition, but without rain soon the crop will be materially cut short.—Louisville Courier, June 25.

The telegraph agent gets up this item for the relief of Black Republicanism:
"Mr. Groves said that for some days past there had appeared in the public prints a letter purporting to be from Governor Reeder to him, in justice to Governor Reeder, and to vindicate himself from the injustice of gross breach of confidence in publishing a private correspondence, he declared that no such letter had been received by him from Governor Reeder, or on any subject whatever. He made a statement that the forgery may be known to the printer."

Don't be in such a hurry, Mr. Telegraph and Mr. Groves. These are the attributes to your euphonious name, and your grade is pre-eminently. Reeder's letter was addressed to his private secretary in Kansas, and he may not be the same person as yourself.
Between it and it, it would not follow because you did not get the letter that it was a forgery. Indeed, the reverse is the more reasonable conclusion. If the letter had fallen into your hands, you would probably have destroyed such evidence of the baseness of your confederate, but it fell into other hands before it got to you, and thus the world has been favored with this exposure of Black Republican guile and baseness.

Now, there is a very easy way of settling this question. Reeder is in Pennsylvania, and has seen this letter. Let him deny its authenticity, and something like a name will be made up. He owes it to himself and his friends to take notice. Heretofore he has not been very anxious to be charged with certain improper transactions; and he would not be so bold as to deny it, as is asserted by those who know nothing about it, to be a forgery.
When he has made such denial, we should like to know what he has to say in regard to the other letter, published in yesterday's Enquirer, to G. P. Lowry, in which this notable paragraph appears:

"Now do I now see how you can raise in the Supreme Court any point as to the validity of the laws except the one on their removal to the Missouri. I have not, however, examined the case, still I should think that a few Free-States men on the jury would be a sure reliance than the Supreme Court. I should hesitate long before spending much money on the latter."—Enquirer.

Half Votes.
There has been much speculation as to the meaning of the half votes recorded in the proceedings of the Cincinnati Convention. The Buffalo Commercial Advertiser explains the matter as follows:

"We presume this apparently queer result was arrived at in this wise: Under the rule upon which the Convention was conducted, every State had twice as many delegates as was entitled to cast votes. New York, for instance, having thirty-five votes in her electoral college, was represented by seventy delegates to the Convention—thirty-five votes and the same number of hands. Every delegate in the Convention was therefore entitled to half a vote and no more. When an individual delegate differed from his colleagues and desired to manifest his independence in the final signal manner he voted against the opinion to a majority of the vote and his vote was designated by the figure '1/2.'"

Democratic Ratification.
St. Louis, Monday, June 25.
The Breton Democrat held a mass meeting Saturday night, to rally the nominations of Buchanan and Brooks, and welcome Benton to Missouri. The Democrats said that ten thousand persons were present, and that immense enthusiasm prevailed; while the Republicans and Independent characterists, the meeting as a grand failure, and assert that not over three hundred were present.

The largest reading room in the world is now nearly completed in the British Museum. It is a circular, one hundred and forty feet in diameter, and one hundred and forty feet in height. The tables will accommodate four hundred readers. The wrought-iron bookcases will contain one hundred and two thousand volumes. The cost of the room will be about \$300,000.

Convention of County Editors and Publishers.
The undersigned, in accordance with a resolution adopted by the Convention of County Editors and Publishers, held in Lebanon, last winter, December, Thursday, the 31st day of July, at the time, and Hamilton place, for the assembling of said Convention. All the country Editors and publishers in Ohio, are respectfully and earnestly invited to attend, as matters of importance to the whole of the Craft will there be deliberated and acted upon.

In consequence of the holding of the Democratic, American and National Republican Conventions, the time has been postponed from the 7th of June to the 31st of July.
W. H. P. DENNY, President.
A. G. CLARK, Secretary.

For the Eaton Democrat.
At a meeting of the committee of the several Sunday schools of Eaton, for the purpose of making arrangements for the celebration of the approaching 4th of July, the following action was taken:
Resolved, That the refreshments be furnished in the style of a basket picnic each family having their own provisions.

On motion, Messrs Meredith, Dick, and A. Werner were appointed a committee to select and prepare a suitable grove and provide water. On motion it was resolved that Rev. W. H. Taylor and L. P. Van Cleave be requested to serve as speakers. Rev. C. W. Swain as reader of the Declaration and Rev. J. Werner, as Chaplain.
Bros. Coffman, Curry and Brandon, and Sisters S. V. Shroff, G. Kidd and J. Johnson were appointed a committee to invite neighboring schools and to serve as a committee of reception.

Resolved, To meet at the M. E. Church at 9 o'clock and prepare to march to the grove nearest to the grove. The basket of provisions to be labeled with the owner's name and deposited at the Church as early in the morning as practicable.
On motion the Eaton Cornet Band was invited to accompany the procession if it be practicable for them to do so.

Messrs. Morris, Albright and A. Werner were selected to prepare a programme of the exercises. Mr. John Degroot, Sen., was on motion, requested to attend to the duties of Marshal, and select his assistant if any should be necessary.
Messrs. Albright, Stewart and A. Werner were appointed to select and lead the exercises in vocal music.

A committee consisting of six, viz. Mr. O. Miller, Miss S. Ogden, Mr. D. Lesh, Miss S. Van Ausdal, Mr. G. Barry and Miss Mary Anderson were appointed to receive and take charge of the baskets of refreshments and all other such miscellaneous business as is not embraced in the specified duties of the other committees.
On motion, the citizens generally of Eaton and vicinity were respectfully requested to attend and assist in the celebration of this Anniversary of American Independence.

The county papers were, on motion requested to publish these proceedings. Adjourned.

RENEWED.
We do not think a person can convince a more benevolent set of characters than being moved at the distress and suffering of others, and furthermore, anxious to do all in their power to alleviate by every possible means human suffering. In this view of the case, we do not know how the humane and benevolent can do an action more in accordance with their philanthropic views, than by calling the attention of their afflicted friends and acquaintances to the fact that Dr. S. H. BAXTER, of 108 Baltimore street, Baltimore, Md., has discovered a preparation, which is put up in the form of a pill, that has a specific action for curing Epilepsy, or falling fits, spasms, cramps, and all forms of nervous diseases. Among those who have been permanently cured, we might mention a member of the family of James H. Beasley, Huntsville, Alabama; Mr. M. P. Sledge, Eaton, Preble County, Va.; and Mr. W. L. Giddens, Grove, Mississippi. We might mention a number of others, until we had entirely filled up this column of our paper but we think we have said sufficient to satisfy every person that the subject under consideration is one of vital importance to every one. Reader! if you are a well man or woman, and have no need of a remedy, perhaps you know some person who is not equally blessed as yourself, if so, cut out this notice and send it to him or her. It will cost you but little trouble, and probably it will make you instrumental in curing some poor, afflicted mortal of that dreadful visitation, Epilepsy, or falling sickness.

Those Pills, besides curing Epilepsy, are a specific for all modifications of nervous disease. Price, \$3 per box; two boxes for \$5; twelve boxes for \$24. Persons enclosing a remittance will have the Pills sent them through the mail, on its receipt. We have given his address above.

WHY WILL YOU SUFFER?
Read the testimony of Dr. H. P. LONKARD, Druggist, Fayette C. H., Ala., Jan. 15, 1853.
Dear Sir:—"Hoodland's German Bitters have done wonders in this section. A youth, a son of G. M. Hubbard, Esq., of this county, had been for several months under the care of our best practitioners without relief, and the case reported doubtful, and the young man although scarcely able to get about, commenced with the Bitters. He found so much relief from the first bottle, he continued to take, until a complete cure was effected. He is now perfectly well and stout."

All who use the Bitters are satisfied with them.
Testimony, Ala., Jan. 1, 1861.
CHAUNCEY POWERS said:
"The Bitters are selling well, and I think they will continue so, as they give good satisfaction to those who have used them."

ANOTHER REMARKABLE CURE OF SCROFULA.
Spartan, Carolina County, Va., March, 1854.
Messrs. Bennett & Boers, Richmond.
Gentlemen:—Your Carter's Spanish Mixture has performed a remarkable cure in the person of a servant man, afflicted with Scrofula in the worst form. So bad had he become, that his eyes were entirely closed, and had been so for more than a year! As a last resort, as everything else had failed, it was resolved to try the mixture. As a result, it effected a cure in direction, and wonderful to say, a perfect cure has been effected. I am satisfied that no medicine equals "Carter's Spanish Mixture" as a purifier of the blood. It is creating quite an excitement here, and sells very rapidly. Send another lot by Rail-road.
Yours truly,
D. S. BROADBENT.

PURIFY THE BLOOD.
LIFE PILLS
AND
Phoenix Bitters.
Free from all Mineral Poisons.

The great popularity which MOFFAT'S LIFE PILLS and PHOENIX BITTERS have attained, in consequence of the extraordinary cures effected by their use, renders it unnecessary to the proprietor to enter into a particular analysis of their medicinal virtues or properties. Having been more than twenty years before the public, and having the united testimony of more than Three Millions of persons who have been restored to the enjoyment of perfect health by them, it is believed that their reputation as the best vegetable medicine now before the public, admits of no dispute. In almost every city and village in the United States, there are many who are ready to testify to their efficacy in removing disease and giving to the whole system renewed vigor and health.

In cases of SCROFULA, ULCERS, SCURVY or ERUPTIONS of the skin, the operation of the Life Medicine is truly astonishing, often removing in a few days, every vestige of these loathsome diseases, by their purifying effects on the blood. Fever and Ague, Dyspepsia, Dropsy, Piles, and in short most all diseases, soon yield to their curative properties. No family should be without them, as by their timely use much suffering and expense may be saved.

A HUMAN LIFE SAVED!
DOWAGIAC, Mich., March 11, 1856.
J. A. RHODES, Esq.: Dear Sir—As I took your medicine to sell on consignment, "no cure, no pay." I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received:

W. S. CONKLIN told me—"I had taken nine bottles of Christie's Ague Balm, and continually run down while using it until my lungs and liver were congested to such a degree, that blood discharges from mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors too, did all they could for me, but thought I must die. Nothing did me any good until I got Rhodes' Fever and Ague Balm, which at once relieved me of the distress and nausea at my stomach, and pain in my head and bowels, and produced a permanent cure in a short time."

H. M. CONKLIN says: "I had been taking medicine of a good doctor as we have in our country, and taken a quantity of quinine and specific without any good result, from 25th August to 15th December. But seeing how nicely it operated on my brother, I got a bottle of RHODES' FEVER AND AGUE CURE, which effected a permanent cure by using two bottles of a balmy nature. As I was not here, but both the other brothers say his case was the same as H. M.'s. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity and I might specify. Yours with respect,
A. HUNTER, P. O."

The above speaks for itself. Good proof as it is, it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me.
One thing more. Last year I had occasion to caution the Public in these words—
"I notice one firm who have taken one of my general circulars and tituled the name of their nostrum for my medicine, and then with brazen impudence and their penmanship with the counterfeit, let the proprietor of any other medicine say as much if he dare." &c.
Now I take pleasure in saying that the caution referred to in the name "Dr. Christie's Ague Balm" that is mentioned in the above certificates, there are several other industries people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Anti-dote to Malaria, except the certificates of cures, and the certificate of the celebrated Chemist Dr. James H. Child of N. Y. in favor of my perfectly HARMLESS CHARACTER, which is attached to every bottle. These will always serve to distinguish my medicine from imitation.
